1. Introduction

Welcome to Jackpot on SOL (\$JACKPOT), an innovative cryptocurrency project on the Solana blockchain. Our goal is to create a vibrant community where long-term holders are rewarded through mechanisms such as Jackpot rewards and distribution payments. This whitepaper outlines our vision, purpose, technical framework, and the benefits of participating in the Jackpot Coin ecosystem.

2. Vision & Mission

Vision: Transform the cryptocurrency landscape by creating a community-focused ecosystem that encourages holding and active participation. We aim to set a new standard for transparency and reliability, ensuring our community feels secure and valued.

Mission: Provide sustainable financial growth and excitement through periodic jackpots and regular distribution payments, ensuring our community members benefit from their long-term commitment to \$JACKPOT while growing their holdings and wealth.

3. Features & Utilities

Jackpot Rewards: Holders have the chance to win substantial rewards through periodic jackpots. This system randomly selects winners from the pool of eligible token holders, providing an additional incentive to maintain and grow their holdings.

Distribution Payments: Regular weekly distribution payments are distributed to holders based on the number of \$JACKPOT tokens held, ensuring consistent passive income.

- Distributions are based off Tier (Silver, Gold, Platinum and Diamond) and are listed below:

Silver: 100,000 – 4,999,999 coins qualifies for .083% weekly dist.

- This equates to 1.08% quarterly and 4.4% annually.

Gold: 5,000,000 – 9,999,999 coins qualifies for .125% weekly dist.

- This equates to 1.63% quarterly and 6.9% annually.

Platinum: 10,000,000 – 24,999,999 coins qualifies for .20% weekly dist.

- This equates to 2.65% quarterly and 10.45% annually.

Diamond: 25,000,000 coins or greater qualifies for .25% weekly dist.

- This equates to 3.27% quarterly and 13.3% annually.

Distribution Qualifications: To qualify for distribution payments, holders must meet the following criteria:

- **Holding Period:** You must hold your \$JACKPOT tokens for a minimum of one week.
- **Minimum Holdings:** You must hold at least 100,000 \$JACKPOT tokens to qualify. Failure to meet these criteria will result in ineligibility for distribution payments.

Compounding Holdings: Long-term holding is encouraged by allowing users to benefit from the compounding effect. As holders receive distributions and potentially win jackpots, their overall holdings increase, enhancing future earning potential.

Community Engagement: Community is at the heart of Jackpot Coin. We prioritize transparent communication, regular updates, and community events to ensure every holder feels valued and involved. Our goal is to build a strong, engaged community that actively contributes to the project's success.

Discord Community Access: Jackpot on SOL (\$JACKPOT) offers exclusive token-gated access to our vibrant and engaging Discord community. This access provides several key benefits:

- **Exclusive Updates and Announcements:** Be the first to know about important project updates, developments, and announcements directly from the team.

- **Community Support and Networking:** Connect with fellow \$JACKPOT holders, share insights, and collaborate on ideas. Our supportive community is always ready to help, whether you are a seasoned investor or a crypto newcomer.
- **Educational Resources:** Gain access to a wealth of educational materials, including tutorials, webinars, and AMAs (Ask Me Anything) sessions with the project team and industry experts.
- **Events and Giveaways:** Participate in exclusive community events, contests, and giveaways designed to reward active and engaged members.
- **Feedback and Governance:** Have a voice in the project's future. Provide feedback, vote on proposals, and contribute to the decentralized governance model that shapes the direction of \$JACKPOT.

By joining our Discord community, you become an integral part of the Jackpot Coin ecosystem, gaining insights, support, and exclusive opportunities to enhance your investment journey.

**Minimum required Jackpot holding of 20,000 coins to gain access

JackBot Telegram Trading Bot: JackBot runs on the Helius node resulting in simple and fast trading. Additionally, it boasts the lowest fees compared to other bots!
